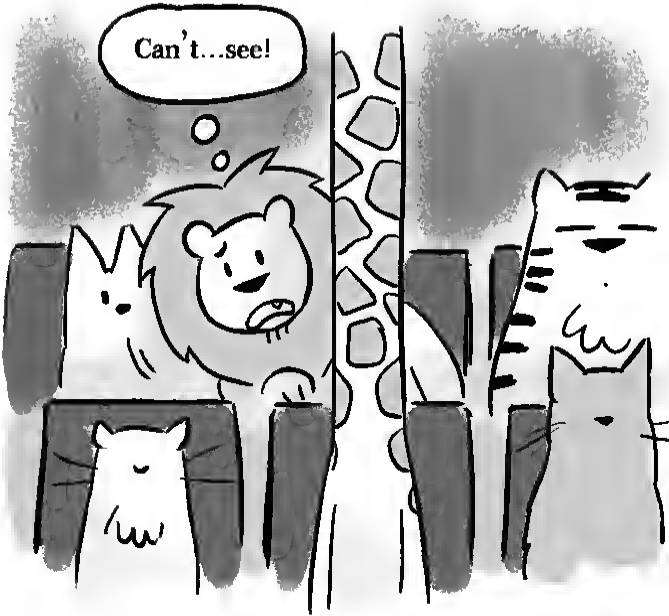
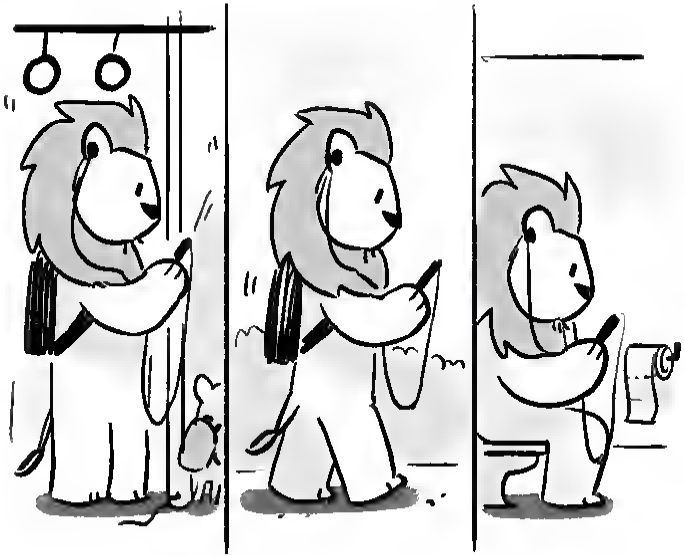
I'm a movie lover.
Let us examine various ways to watch movies in today's world.



Can't...see!

Leo during college
I don't want to think about homework...
...
...I will time travel to Middle Earth and fight trolls for the next 3 hours instead!

Watch movies anytime and anywhere



Yay, I finished the entire series!

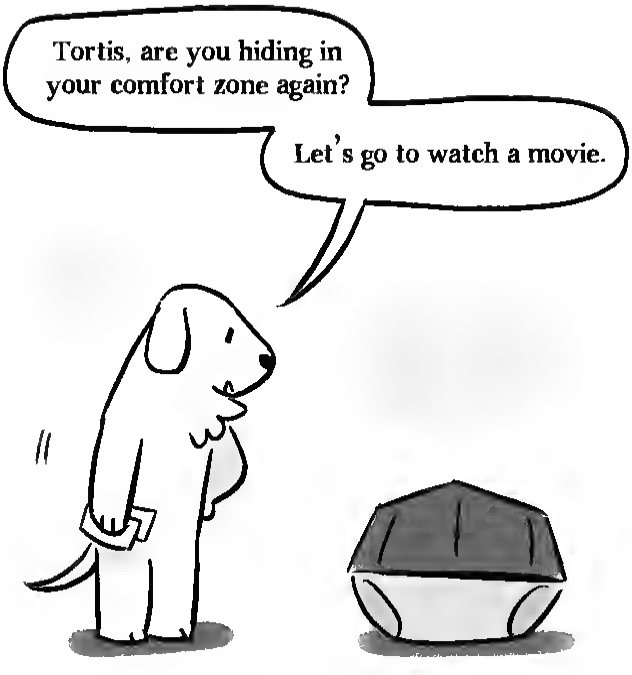
Good evening everyone, let us talk about movies tonight.

The beautiful Peacock is the male bird,
looking prettier than the females!



Tortis, are you hiding in your comfort zone again?
Let's go to watch a movie.

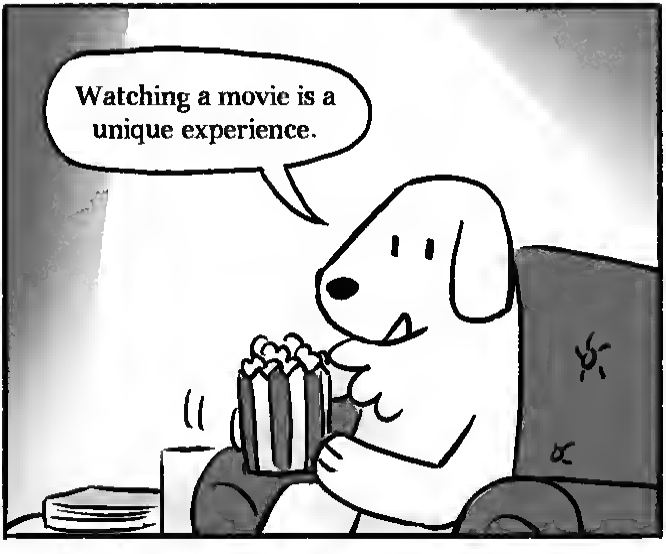
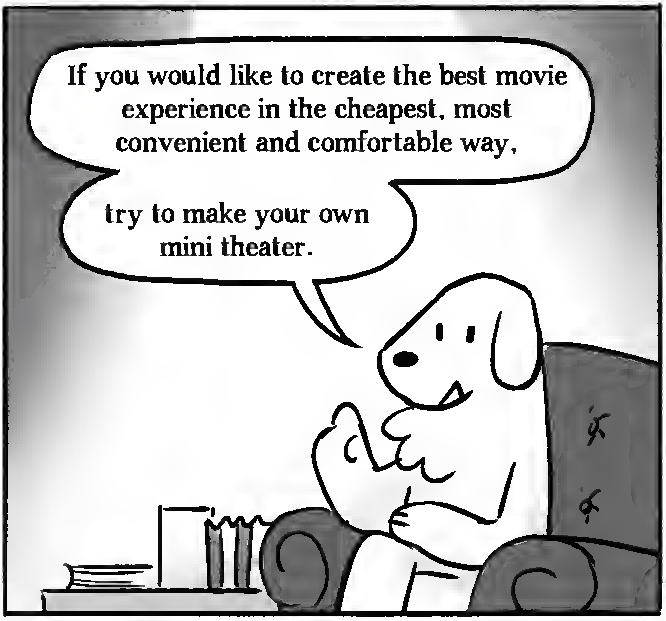
Lard of the Rings

It lets you go on a dream-like adventure and momentarily escape reality.

Absolute freedom,
you can multi-task while watching the movie



In a darkened room with a big screen, you are immersed into the story.



If you would like to create the best movie experience in the cheapest, most convenient and comfortable way,
try to make your own mini theater.

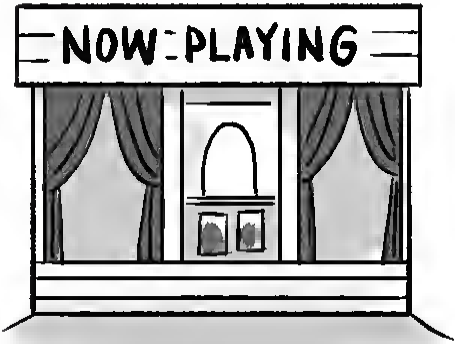
Ways To Watch A Movie

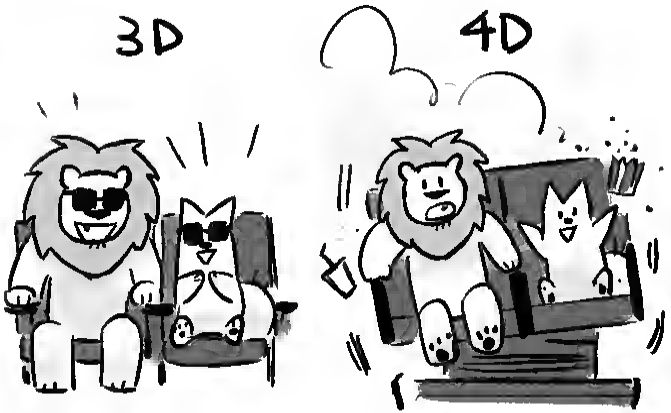


The convenient way: watching at home

ADVANTAGES

You can only see 3D movies this way

(sometimes 4D)



Anyway, the traditional way is still my favorite.

Very small screen to the point you can't read the subtitles, or worse, can't see the faces
